**Ice Team to collect important evidence on global climate change**

Come and meet the team that will challenge the disintegrating Arctic ice pack and gather important data about the future of global climate change. This is the team's last stop before heading off to the high Arctic. A senior WWF spokesperson will be present to help explain the global significance of the team's mission.

**What:** News Conference

**Who:** Members of the Catlin Arctic Survey Ice Team, Director of the WWF International Arctic Programme.

**Where:** Charles Lynch Theatre, Centre Block, Parliament Hill.

**When:** 10:30 am Thursday February 12<sup>th</sup>.
