Release 2009-3

On February 10, 2009, Catlin Canada and Belfor Restoration partnered again in co-sponsoring a team entry in the Ronald McDonald Charities Ski Challenge to raise funds for children in need.

Following a warm-up exercise routine led by none other than Ronald McDonald himself, hundreds of racers spent the day skiing and competing at Mt. Tremblant while enjoying the above seasonal temperatures all in the cause of raising money to help children and their families.

Ronald McDonald House Charities® (RMHC®) of Canada is a registered charity that is dedicated to helping children with serious illnesses or disabilities, and their families, lead happier and healthier lives. RMHC achieves this by supporting each Canadian Ronald McDonald House®, the Ronald McDonald Family Room® Program and by awarding grants to many other children's charities across the country.

Since its inception in 1982, RMHC Canada has awarded more than \$60 million in grants to the 12 Ronald McDonald Houses, the Ronald McDonald Family Rooms and to many children's charities across Canada. This support has benefited thousands of children and families in more than 600 communities.

Team Catlin/Belfor team members included:

<i>Dawn Finnegan</i>	<i>Belfor Restoration</i>
<i>Carrie Wells</i>	<i>Belfor Restoration</i>
<i>Maeve Davis</i>	<i>Catlin Canada</i>
<i>April Savchuk</i>	<i>Catlin Canada</i>

The first challenge was held over 25 years ago in Collingwood and many of the current participants including Aon Reed Stenhouse and its key organizer Mr. Cedric Gyles, have been part of it since the beginning.
